Allergen Information

Information correct as at 1st June 2009

Allergen Information

At Pizza Hut the quality of our food and the health of our customers are critical priorities for us.

We are committed to providing you with the information you need to make informed choices for yourself and your family. To assist those who may suffer from allergies to various food ingredients, this brochure includes a listing of our permanent menu items and states whether or not a number of common allergens are present in these products.

P = Present

Based on information from our suppliers, the listed allergen is present in the product as an ingredient, food additive or processing aid.

T = Trace

Based on information from our suppliers, the listed allergen is stored at or used in the manufacture of other products at the production site for the product or an ingredient of the product.

A blank square

Indicates that the supplier has reported no presence of the listed allergen or traces of the listed allergen. Please be aware that there is always a risk that traces of allergens may be transferred to a product during processing, storage or preparation at store level.

For these reasons we cannot guarantee that any product sold is free from traces of listed allergens.
